The SAHS Family Mourns the Loss of Dahlia Repole

The St Andrew High School community today mourns the loss of one of its most illustrious daughters, Dr Dahlia Winsome Repole. She epitomized the school's motto of Life More Abundant – excelling academically and professionally as well as in sports. She not only represented her school and Jamaica in hockey but she was also a charismatic and effective science teacher, head of department, Vice Principal and the only Old Girl to serve as Principal of her alma mater.

We mourn our loving, caring, creative fellow student, teacher, colleague, Principal and friend, and we offer our sincere condolences to her family, friends and the entire community of educators in Jamaica.

Xanu Anne Lee Every St. Andrew girl that went to school under Mrs. Repole is marked by her influence. If you have ever noticed the strength, and individual certainty and self assurance with which every Andrews girl approaches life, the fact that the average St.Andrews girl has the capacity to competently and confidently sup with the queen, yet gracefully and equally confidently sit on the sidewalk and devour a patty. These qualities and a myriad more not only epitomise Mrs. Repole but exemplify our school motto, which is exactly how she lived her life. Life more abundant Mrs. Repole, Aunty Dahlia. We love you.
